

TOWER SUITES

Reykjavík

GENERAL SAFETY

Please familiarize yourself with the location of nearest fire exits, alarms, extinguishers and hoses.

IN CASE OF FIRE

1. Remain calm. Elevators are disabled, so you must use stairs. Walk, do not run, and do not take any luggage with you.
2. If the FIRE ALARM sounds, leave the room and make your way to the nearest accessible emergency exit.
3. If you are in a room with a fire alarm, press the yellow button to notify emergency crews of your whereabouts.
4. If the corridor is filled with smoke and you do not feel safe leaving the room, keep your door closed and dial 112 to notify emergency crews of your whereabouts.
5. HANDICAPPED guests, make your way to a SAFE ZONE. Press the YELLOW button to notify emergency crews of your whereabouts.
6. As you exit the building, walk towards the bay to Höfði House and await further instructions from a Tower Suites Representative. We can be reached at +354 789 1666.
